Welcome to Framingham State College!

Academic Year of 2002 - 2003

Framingham State College

Dear Class of 2003,

Thank you for being so patient in waiting for your 2003 yearbook. As you are now off in the world (hopefully successful and happy), please enjoy taking a look back into the past at your years at Framingham State College.

Best to all,

Lindsay M. Dumont
Editor In Chief

Framingham State College ... it brings up a variety of memories for all those who have walked across campus and sat in classrooms. Within four, five (or six!) years ... Friendships have been formed, careers have been chosen, and fun times were plentiful. The Dial hopes to capture snapshots reflecting the diverse experiences an FSC student can have. Whether you spent hours at the library studying or hours in the College Center planning Sandbox, the Dial can only hope that the following pages trigger some challenging and unique memories of life at FSC.

Dr. Arthur M. Doyle

November 11, 1938 - August 15, 2002

Arthur M. Doyle received his Bachelor of Science degree from the University of Chicago in 1961, his master's degree from Dartmouth College in 1963, and his doctorate from the University of Rochester in 1968. He began his career at Framingham State College as Assistant Professor of Physics on September 1, 1968, and from the beginning was an active member of the academic community.

A member of the Physics Department, he served several terms as chairman, where he was solicitous of his colleagues' opinions, fair in his judgments, and supportive of their needs. Over the years, he served on almost every committee at the College, and introduced many new important courses to the curriculum. Beloved by his students and faculty colleagues alike, in 1983 Dr. Doyle was the first member of the faculty to receive a Distinguished Service Award in recognition of outstanding service to students, to scholarship, and to advancing the objectives of the institution. In 1985, Dr. Doyle received a second Distinguished Service Award which cited his gifted teaching and development of new courses in the computer area.

In 1992, when Dr. Helen Heineman was appointed Academic Vice President, Dr. Doyle left his position as full professor and chairman of the Department of Physics to enter the world of administration as a Faculty Fellow in the Office of Academic Affairs. In 1999 he became Vice President of Academic Affairs and provided superb academic leadership for the College thereafter. Dr. Doyle was a vital and essential part of the management team at Framingham State College.

Dr. Doyle was the primary leader in turning the College into a fully wireless campus where all students will use Internet laptop computers by 2005. He was also instrumental in restructuring the College's teacher preparation program and the general education curriculum, and most recently was appointed by President Helen Heineman to oversee the College's preparations for its accreditation visit and review by the New England Association of Schools and Colleges.

In his free time, he enjoyed golfing, rafting, mountain climbing, and was an avid runner who participated in numerous road races throughout New England, including the completion of 16 Boston Marathons.

Dr. Doyle is survived by his wife, Alice Hammond Doyle; his daughter, Jennifer Doyle of Oakland, California; his son, Jay Doyle and his wife Heather; and granddaughter, Alevia Alice Doyle of Newtown, Pennsylvania.

FSC's Wireless Laptop Program - Dr. Doyle's Vision

Care and Service for FSC Wireless Laptops

With more students purchasing wireless laptops upon enrollment at the College, servicing and care of laptops is of major importance. Students can visit a laptop specialist in ITS to address any issues related to the laptop's performance.

Students, staff and faculty have many questions and concerns as new technology impacts campus. Information Technology Services (ITS) is the first line of defense in providing direct care and support to laptops. Whether during a Technology Fair or Orientation workshop the College provided various opportunities to learn about keeping the laptops running.

As a branch of Student Services, Career Services prepares students for life after FSC at the Graduate School Fair held annually.

Artist-in-Residence Mark Evans shares his joy of music through the College's Opera series.

Life As You Knew It

Framingham State College was home to many of us. A place where some of us met our best friends for life. A place where we laughed, cried and grew together...

Your Community

Words of Wisdom

"Sometimes one sees in the school simply the instrument for transferring a certain maximum quantity of knowledge to the growing generation. But that is not right. Knowledge is dead. The school, however, serves the living. It should develop in the young individuals those qualities and capabilities which are of value for the welfare of the commonwealth. But that does not mean that individuality should be destroyed and the individual become a mere tool of the community, like a bee or an ant. For a community of standardized individuals without personal originality and personal aims would be a poor community without possibilities for development. On the contrary, the aim must be the training of independently acting and thinking individuals, who however, see in the service of the community their highest life problem."

~Albert Einstein, 1936

CONGRATULATIONS CLASS OF 2003!

Graduation

A college education is not a quantitative body of memorized knowledge salted away in a card file. It is a taste for knowledge, a taste for philosophy, if you will; a capacity to explore, to question to perceive relationships, between fields of knowledge and experience. - A. Whitney Griswold

To think is easy. To act is hard. But the hardest thing in the world is to act in
accordance with your thinking.
Goethe

It is one of the most beautiful compensations of this life that no man can sincerely try to help another without helping himself.

Ralph Waldo Emerson

You are educated. Your certification is in your degree. You may think of it as the ticket to the good life. Let me ask you to think of an alternative. Think of it as your ticket to change the world. Tom Brokaw

CONGRATULATIONS

~A Message of Love~

Tony and Jennifer Wong

Jill St. Jean

Jill, meeting you was the best thing that ever happened to me. I look forward to each and every moment with you. I cannot verbalize how much you mean to me. I love you.
-Eric

Jill St. Jean

Jill- Where has the time gone? It seems like it was yesterday when you graduated from high school and started college. Not to mention it doesn't seem that long ago when you started kindergarten! Once again, during the past four years your success and achievements have continued to make us proud. Follow your dreams; the sky is the limit! Never settle for second best. Above all, treasure each day, find time for yourself and be happy. Know that we will always be here for you. You will always be our "jillybeans". We wish you much success and happiness always. Congratulations! Much love, Mom and Dad.

Jill- I can't believe that you are already graduating from college. But now I am going to be following in your footsteps, I'll do my best to do as well as you. Thank you for everything you've done for me. I'll always look up to you. I love you! Good luck in your future. Love, Your lil sis', Kim.

Jill- Wow, I never thought this day would come. You have done such a fantastic job getting through college. You have definitely changed the definition of dedication! I am luck to call you my sister. I am proud of you and will always look up to you. Love you lots, my "jillybeans"! Your littlest sister, Stephanie.

Jill- You are very special to me. I am very proud of you, and all you have accomplished. Congratulations and best wishes for a promising future. Love, Grandpa

Maryellen LaDue

Congratulations Maryellen! We are so proud of you. Feels like yesterday you were just a little girl, but now you're a beautiful women going into the real world. Good luck and we love you! Love, Dad, Mom, Suzanne, Mike and John.

Sarah DiNicola

We are so proud of
you "Sherwood".
Love, Dad, Mom,
Laura and Mike

Angela Klimowicz

Angela, may your College
years be a springboard to
your future. Jump high and
embrace the future! We are
proud of you, and we'll
continue to pray for you as
you reach new heights.
Love, Mom and Dad.

Cailin Reagan

You are our sunshine!
Congratulations, Cai!
Love, Mum, Dad,
Arnie and Marg

James Eric Santosuosso

Congratulations to our favorite drummer! Best of luck in the future! Love always, Mom and Dad.

Cady Ober

I will to the world and the education field, my daughter, Cady. So that the children she teaches can walk in her footsteps. Cady, I love you!
-Dad

"SUCCESS: To have laughed and loved much to have won the respect of intelligent people and the affection of little children. To look an old dog in the eye and know that he likes you just because you like him. To have looked for the best in people, instead of the worst. To have withstood the betrayal of false friends and won the appreciation of honest critics. To leave the world a little better, whether it is through a garden patch, a healthy child, a better business, a better association or a redeemed social condition. To know that even one life has breathed a little easier because you have lived. THAT IS TO HAVE SUCCESS."
-Richard Wolf

Keatrina Lezama

Congratulations and best wishes on this special day! You have and will continue to make us proud.

"What is success? It is: Setting goals, but not in concrete. Staying focussed, but turning aside to help someone. Following a plan, but remaining flexible. Moving ahead, but not too fast to smell the flowers. Taking a bow, but applauding those who had a part in your success."

Simply put, you're a success!

From your loving family,

Dad, Mom, Jeffrey, K.C., O.J., Matthew, Kimberly, Taijai, Sydney, Laurian and Rachel

Jessica Guertin

Dear Jessie, We are extremely proud
of you and your accomplishments!
Congratulations! Love, Mom, Tim
and Colleen

Jessica Guertin

Dear Jess,
You have been my hero (and Mom's
princess)! Love from the one Mom loves
best (he-he). -Bean

Catherine Hamill

Congrats Catherine! You
earned every point, every
grade. We've cried,
laughed, written papers
together, talked on the
phone, sent money (who
loves you more?!). We love
you. We are so proud of
you. Is the world ready for
this precious princess?
Love, Mom and Dad

Ryan C. Chevalier

CONGRATULATIONS

We are all so PROUD of you!
